- Security Training & Awareness Programs
- Stakeholder & Law Enforcement Coordination
- Volunteer and Staff Safety Support
- Data Analysis & Safety Reporting
- Cultural Competence & Discretion

Professional Experience

United States Peace Corps - South Africa

Safety & Security Manager / Volunteer Support Specialist / Health Program Assistant (2011 – Present)

- Designed and managed Emergency Action Plans and site-specific risk assessments for volunteers in rural and urban communities.
- Conducted safety and security training, preparing volunteers and staff to proactively manage risks.
- Coordinated incident response and reporting with local/national authorities, ensuring volunteer safety and compliance with policy.
- Served as a Sexual Assault Response Liaison (SARL) since 2013, providing trauma-informed support to victims and leading prevention initiatives.
- Recognized in 2023 for 10 years of dedicated service in sexual assault response and risk reduction.
- Managed volunteer allowances, compliance inquiries, and maintained data-driven reporting systems to inform safety decisions.

Research Triangle Institute (RTI) International - South Africa

Office Manager (2007 – 2011)

- Oversaw USAID-funded safety and health projects including PEPFAR and Women's Justice & Empowerment programs.
- Directed project operations including safety protocols, compliance monitoring, and field risk assessments.
- Partnered with the National Prosecuting Authority to strengthen initiatives on justice, safety, and community protection.

National Blood Service - Southern Africa

Executive Coordinator (2002 – 2007)

- Supported safety-related initiatives under the World Health Organization collaboration framework.
- Coordinated strategic plans, operating procedures, and high-level stakeholder engagement with regional health and safety authorities.
- Ensured policy compliance, risk reporting, and effective communication between executives and resource partners.
